27 JUL 2026

Higor Platiny is the latest signing for FC Paços de Ferreira ahead of the 2026/27 season.

The 35-year-old experienced Brazilian striker, who represented Lusitânia de Lourosa last season, embarks on a new challenge at Mata Real with the ambition of putting his experience at the service of one of Portugal's most historic clubs.

During his presentation as a Paços de Ferreira player, Platiny highlighted the club's rich history and the responsibility he feels in wearing the famous yellow-and-green shirt.

"As soon as I heard about the project, I wanted to be part of it. Regardless of whether the club is in Liga 3 or not, Paços is a big club. So, when I received the offer, I didn't think twice," he said.
